Toddler Class  
Spanish/ English

Children work with materials placed in the classroom directed for the development of their independence, physical, cognitive and language development. The guides (teachers) will prepare an environment for the children to enjoy, form good habits, and be exposed to various themes and activities that will change weekly. Each week will be an exciting journey of different games, vocabulary, visuals, arts and fun!

For this age group and at this level of development, language is a sensorial process, therefore the two adults guiding the environment will each be directing themselves either in English or Spanish.

ENGLISH

3 -5 yrs

SPANISH

For this age group you can choose to enroll your child in our Full Spanish Immersion Classroom or in our English Classroom. This camp will be set in a classroom where Spanish or English is spoken through out the day. We help the child through their transition period, however our goal is to help the child understand and be fully immersed in the new language. Exciting and new weekly themes will tie in with activities that will introduce enriched vocabulary, games, art and crafts, visuals and lots of fun! Our weekly calendar of events will guide you through our amazing and fun journey!
